

The area around Westminster – page 1

This document is intended to be an adjunct to the pages on the web site about the area around Westminster.

The numbers on the maps are not intended to give an order of visiting but just to enable labelling. You decide on your own route. Underground stations are labelled in blue lettering and station entrances are marked with a blue square somewhere near the title. For example – on the first map near the top of the right-hand edge near the figure '1' is the label for 'Embankment' station with the blue block marking the entrance just below.

Key to the labels:

1. Cleopatra's Needle.
2. Golden Jubilee Bridge.
3. London Eye
4. Palace of Westminster (Houses of Parliament).
5. Westminster Abbey.
6. Church of St. Margaret.
7. Buckingham Palace.
8. The Mall.
9. St. James's Park.
10. The Duke of York Steps.
